## ADVANCED ART

### **Textbooks:**

None are used

### **Prerequisites:**

Acceptance into sophomore, junior or senior year; approval of teacher if class were to exceed 30 students

**Course Description:** Advanced Art is a course in which the students experience a studio atmosphere, creating art while applying specified guidelines by the teacher.

### **Course Objectives:**

1. To learn to create / render art in a less formal setting
2. To learn to manage time
3. To render artwork according to specified guidelines in the same manner that would be used in a designer – client relationship

### **Course Goals:**

1. To develop ones artistic skills
2. To challenge oneself
3. To create a professional body of artwork

**Evaluation:** an assessment of the progress and the finished product by the instructor; as well as, a reflection / analysis performed by the student at the completion of the course.

### **Course Sequence:**

(The following list is used as a *basis* from which assignments are derived):

- (1.) Students are to solve problems such as a rendering in a specified artistic genre (e.g.- Expressionism, Surrealism, Impressionism, etc.); using a specified media; pertaining to a specified subject matter (usually derived from the students History, Literature, or Language class)
- (2.) Students are to focus on individual projects as approved by the instructor. Such projects often include (but are not limited to) weaving, clay work, furniture art, photography, photo transfers, soft sculpture, found object sculpture, or collage work.
- (3.) Corporate Identity Packages
- (4.) Basic drawing techniques, including self-portraits
- (5.) The number of projects per semester usually totals about 3 - 5.
